9.12 Have there been any objections to the appointment of the person named above as Fire Protection Officer? Yes/no If yes, please specify (a) how objections have been resolved, if so and (b) the nature of any outstanding objections	This provides an independent check on the acceptability of the designated FPO to members of the Association, and appears here because of some stakeholders' concerns about the competence of available CFOs relative to the magnitude of the risk management problem; [it may be possible to omit this item].
