

WILDFIRE SAFETY ORDERS

Fire Behaviour

- Recognise current weather conditions & obtain forecasts.
- Obtain current & regular updates on fire status.
- Initiate all actions based on current & predicted fire behaviour.

Fireline Safety

- Determine escape routes & safety zones.
- Establish lookouts in potentially hazardous situations.
- Stay alert, keep calm, think clearly & act decisively.

Operational Control

- Remain in communication with your crew, your supervisor & adjoining forces at all times.
- Ensure that instructions are given; that they are clear & understood.
- Remain in control at all times.

FIGHT FIRE AGGRESSIVELY , HAVING PROVIDED FOR SAFETY FIRST.
